WORK:

Aquent (aquent.com)

Consultant Web/UX Developer

7/2016 – present

At Aquent, I develop responsive, high performance front-end code for the redesign and rebuild of aquent.com using HTML5, CSS3, jQuery and Foundation 6.

Technology: HTML5, CSS3, jQuery, JavaScript, Photoshop, Foundation 6, Velocity, git

Project URL: <http://www.aquent.com>

Houghton Mifflin Harcourt (hnhco.com)

Consultant Senior Web Engineer

3/2016 – 7/2016

I developed responsive, high performance front-end code for hnhco.com using HTML5, CSS3, jQuery, offered user experience consulting, and mentored junior team members.

Technology: HTML5, CSS3, jQuery, JavaScript, Photoshop, Foundation 3, Foundation 6, Sitecore, SVN

Project URL: <http://www.hnhco.com>

Jack Morton Worldwide (jackmorton.com)

Consultant Web Developer

7/2015 – 3/2016

I provided front-end development for several Jack Morton Worldwide clients, including Liberty Mutual, Fidelity Investments, Eaton Power, and Subway Restaurants. My primary focus was responsive design and high performance code.

Technology: HTML5, CSS3, jQuery, JavaScript, node.js, Photoshop, HTML canvas, SVN

Project URL: <http://switchon.eaton.com>

Brandeis University (brandeis.edu)

Information Design Accessibility Specialist

1/2015 – 6/2015

I was responsible for evaluating software, web templates, and video delivery systems ensuring Section 508 compliance and universal access. I also provided training and consultation about issues related to universal and accessible design and content creation and sat on the review committee evaluating proposals for the redesign of brandeis.edu.

Technology: Section 508/WAI compliance, HTML5, CSS3, jQuery

Houghton Mifflin Harcourt (hnhco.com)

Consultant UX/Web Developer

4/2014 – 1/2015

At Houghton Mifflin, I was part of a team that redeveloped hnhco.com, modernizing the code using HTML5, CSS3, jQuery, and the Foundation framework and adding responsiveness.

Technology: HTML5, CSS3, jQuery, JavaScript, Photoshop, Foundation, Sitecore, SVN

Project URL: <http://www.hnhco.com>

GTECH S.p.A. (gtech.com)

Consultant UX/Web Developer

11/2013 – 4/2014

I built HTML5/CSS3/jQuery based responsive prototypes of GTECH's web sites and applications for the gaming industry.

Technology: HTML5, CSS3, jQuery, jQueryUI, JavaScript, Photoshop, Bootstrap

Blue Cross Blue Shield Rhode Island (bcbsri.org)

Consultant UX/Web Developer

4/2013 – 11/2013

At Blue Cross, I was part of a team that redesigned and redeveloped the members' section of bcbsri.org. I created wireframes during the design phase and was the primary front-end developer through multiple product releases.

Technology: HTML5, CSS3, jQuery, jQueryUI, JavaScript, Photoshop, JSP

Litl (litl.com)

Senior UX Developer

2/2013 – 4/2013

Partnered with a UX Designer, I built web sites for Litl's multiple product offerings. I also developed and debugged front-end code for Litl's web applications.

Technology: HTML5, CSS3, jQuery, JavaScript, Photoshop, WordPress, git

Project URL: <http://www.talendrive.com>

Beam Interactive (beamland.com)

Senior Software Engineer

10/2012 – 2/2013

I was solely responsible for front-end development of sites for Beam's clients, including MINIUSA. I also built interactive UX prototypes and debugged code written by other members of the development team.

Technology: HTML5, CSS3, PHP, jQuery, JavaScript, JSON, SVG, Photoshop, SVN

Project URL: <http://clients.ljonn.com/beam/jcw/>

Digitas (digitas.com)

Consultant Web Developer

4/2012 – 10/2012

I was the primary front-end developer for the redesign and rebuild of Bank of America's mortgage section of their web site. This incorporated responsive design concepts and accessibility.

Technology: HTML5, CSS3, LESS, PHP, jQuery, JavaScript, Section 508/WAI compliance, Photoshop, SVN

SKILLS:

HTML5, CSS (1-3), XHTML, Responsive Design/Development, Accessibility Compliance (Section 508/WAI), UX Design

jQuery, JavaScript, XML/XSL, DHTML, PHP, Cold Fusion, SEO, Adobe Flash, Adobe Illustrator, Adobe Dreamweaver, SVN, git

Advanced understanding of issues related to cross-browser and cross-platform compliance and performance sensitive front-end development.

EDUCATION:

Boston University, Providence College
BA Philosophy

PROFESSIONAL ORGANIZATIONS:

AIGA, MENSA
